

## **CHILD PROTECTION POLICY OF PALLISHREE**

### **1. VISION & MISSION STATEMENT:**

The vision of PALLISHREE is to create a safe, supportive and responsive society that upholds the protection rights and dignity of every child in India (as defined by the law). This is to be achieved by establishing effective prevention and early intervention measures, strengthening treatment support services and building partnerships. We do this by engaging with all sectors of society upon whom the well being of children depends, in initiatives that will bring about these changes.

### **2. STATEMENT OF COMMITMENT:**

Definition of Child according to CRC:

A child means every human being below the age of 18 years unless, under the law applicable to the child, majority is attained earlier.

- 2.1. PALLISHREE is committed to the rights and welfare of children in India and opposes all forms of child abuse, especially child sexual abuse and exploitation.
- 2.2. PALLISHREE is committed to upholding the law on child rights and welfare, as outlined by the UN Convention on the Rights of the Child and various legal statutes of the prevailing law in India

#### **UN Article 19 –**

No one should hurt you in any way. Adults should make sure that you are protected from abuse, violence and neglect. Even your parents have no right to hurt you.

#### **UN Article 34**

You have the right to be protected from sexual abuse. This means that nobody can do anything to your body that you do not want them to do, such as touching you or taking pictures of you or making you say things that you don't want to say.

- 2.3. PALLISHREE believes that all children have a right to protection from abuse irrespective of race, social background, age, gender, skin color, disability, religion, caste or beliefs.
- 2.4. PALLISHREE believes that child abuse and exploitation is not acceptable in any form. Keeping silent and inaction is also wrong, if it is known that a child is being abused or exploited.
- 2.5. PALLISHREE believes in the importance of child protection, so that not only are children protected from abuse by PALLISHREE committee (or board of directors) members, staff, donors, and volunteers, but also that preventative measures can be made to protect the [Name of your organisation] staff, and the PALLISHREE's own integrity.
- 2.6. PALLISHREE believes that children have the right to participation through any form of expression (in accordance with their evolving capacities) and be heard. Therefore where possible children will also be included as stakeholders and in research and other relevant reports/evaluations.

- 2.7. All committee (or board of directors) members, staff, and volunteers agree to this policy. It will be evaluated and reviewed every year by PALLISHREE and Tdh Germany based on experience and evolving circumstances and law.
3. The different forms of child abuse are described by:
- 3.1.1. **Physical Abuse:** Actual or likely physical injury to a child, or failure to prevent physical injury, or suffering, to a child, including deliberate or non-accidental hitting, beating, shaking, throwing, burning, drowning, suffocating or poisoning, drugging, any form of corporal punishment.
  - 3.1.2. **Mental/Emotional Abuse:** Actual or likely severe adverse effect on the emotional and behavioral development of a child caused by persistent or severe emotional ill treatment or rejection. May involve conveying to the child that they are worthless, unloved or inadequate and cause children to feel frightened, in danger and corrupted.
  - 3.1.3. Physical and emotional abuse may occur even when a parent or caretaker may not have intended to hurt the child. It may however have been the result of physical or emotional over discipline or punishment which is inappropriate to the age of the child.
  - 3.1.4. **Neglect:** The persistent or severe neglect of a child or the failure to protect a child from exposure to any kind of danger, including severe weather conditions and starvation, or extreme failure to carry out important aspects of care, resulting in the significant impairment of the child's health or development, including non-organic failure to thrive.

**The various aspects of neglect can be further detailed as below:** The failure to provide for the child's basic needs. Neglect can be physical, educational, or emotional. Physical neglect can include not providing adequate food or clothing, appropriate medical care, supervision, or proper weather protection (heat or cold). It may include abandonment. Educational neglect includes failure to provide appropriate schooling or special educational needs, allowing excessive truancies. Psychological neglect includes the lack of any emotional support and love, never attending to the child, spousal abuse, drug and alcohol abuse including allowing the child to participate in drug and alcohol use.

- 3.1.5. **Sexual Abuse:** Actual or likely exploitation of a child, representing the involvement of dependent, developmentally immature children in sexual activities they do not truly comprehend, to which they are unable to give informed consent or that violate social taboos or family rules, such as but not limited to touching a child's genitals, forcing a child to watch or take part in pornography or coercing the child to have sex. It is considered abuse whether or not the child consents.

Sexual exploitation is the exchanging of money or other economic favors in return for sex.

The abuser is often an adult but can be a child as well.

### **Child Sexual Abuse Includes**

- An adult exposing his/her genitals to a child or persuading the child to do the same
- An adult touching/ fondling a child's genitals or making the child touch the adult's genitalia.
- An adult involving a child in pornography which includes exposing a child to pornographic material
- An adult having oral, vaginal or anal intercourse with a child
- Any verbal or other sexual suggestion made to a child by adult
- An adult persuading children to engage in sexual activity

Above points are some examples but sexual abuse is not limited to these points. To be considered child abuse these acts have to be committed by a person responsible for the care of a child or related to the child. If a stranger commits these acts, it would be considered sexual assault. It is considered abuse whether or not the child consents. Sexual exploitation is the exchanging of money or other economic favors in return for sex.
